COST ESTIMATE RESOURCES, LLC

INTRODUCTION

Cost Estimate Resources, LLC is a 100% woman-owned cost estimating firm, and managed by professionals who pride ourselves in providing personalized attention to our client's needs. We offer over 30 years of construction cost estimating, value engineering, risk analysis, value analysis/management and constructability studies.

Cost Estimate Resources, LLC has worked as both consulting estimators and contractors, and possesses tremendous amounts of hands-on experience in civil, structural, architectural, mechanical, and electrical projects. These years of experience have allowed us to create extensive, accurate, and detailed reports. In addition, our computer network, database, and estimating software have given us the leading edge over other estimating firms. Each estimate, from the first to the last, is broken down by material, labor, and equipment in an effort to give our client as much information as possible. Our average variance is plus or minus 3%.

Our list of clients include various local, state, and federal agencies, private developers, city municipalities, international airports, public housing authorities, detention centers, and educational institutions.

Cost Estimate Resources, LLC succeeds in delivering outstanding results by focusing on serving our clients from project inception through completion. We offer an established reputation for providing quality and reliable services. Our customer satisfaction and service-oriented approach has provided both ourselves and our clients with excellent results! The success of our client's project is of critical importance to us.

EXPERIENCE · TRACK RECORD · TRUST

Our goal is to create a long-term business relationship built on trust and performance!
